**WORKSHOP REPORT 2023**

## Flower Competition in Memory of Akruzo Putsure – January 25, 2023

In remembrance of Late Chairman Mrs. Akruzo Putsure on her birth anniversary, the college organized a flower competition on campus as a heartfelt tribute to her deep love for flowers and nature. The event was designed not only to honor her legacy but also to encourage students to appreciate the beauty of nature and express their creativity through floral arrangements.

It was a house competition. Students showcased a variety of creative and aesthetically pleasing floral designs. The competition highlighted the participants sense of creativity, attention to detail, and artistic presentation. Each arrangement reflected originality and effort, making the event both colorful and lively. The competition was judged by Mrs. Achunuo Sekhose and Mrs. Tiarenla Mozhui, who carefully evaluated the entries based on creativity, presentation, and overall appeal. Their presence added value and credibility to the event.

Overall, the program created a vibrant and engaging atmosphere on campus while serving as a meaningful tribute. It not only celebrated the memory of Mrs. Akruzo Putsure but also inspired students to connect with nature and express themselves through creative endeavors.

## Entrepreneurship Awareness Program – February 9, 2023

A one-day Entrepreneurship Awareness Program was successfully organized in collaboration with YI-Yuva Nagaland, the Department of Industries and Commerce, Government of Nagaland, StartUp Nagaland, NITI, NTTC, and Educentre School of Business. The program aimed to create awareness among students about entrepreneurship as a viable and rewarding career option.

The event featured several distinguished speakers, including industry experts and professionals, who shared their knowledge, experiences, and insights into the entrepreneurial world. They discussed various aspects of starting and managing a business, such as identifying opportunities, understanding market dynamics, securing resources, and overcoming challenges. Through their real-life experiences, the speakers highlighted the importance of innovation, leadership, and perseverance in building a successful enterprise. The session also provided students with a broader perspective on the support systems available for aspiring entrepreneurs, including government initiatives, startup ecosystems, and training programs. Interactive discussions allowed students to engage with the speakers, clarify their doubts, and gain practical knowledge about entrepreneurship.

Overall, the program was highly informative and inspiring, encouraging students to think beyond conventional career paths and consider entrepreneurship as an important and achievable career choice.

## Career Skill Development Workshop – February 21, 2023

The college, in collaboration with Imperial IAS Academy, organized a comprehensive Career Skill Development Workshop aimed at preparing students for future professional challenges. The program brought together experienced resource persons who guided students on the importance of acquiring the right skills, qualifications, and mindset required to achieve their career aspirations.

During the workshop, special emphasis was placed on practical skill-building. Students were trained in resume writing, where they learned how to create effective and professional CVs that highlight their strengths and achievements. The session also included demonstrations of group discussions, allowing students to understand how to present their ideas confidently, engage in meaningful conversations, and work collaboratively in a team setting.

In addition, the resource persons conducted mock interview sessions, providing students with real-time exposure to interview scenarios. They highlighted the importance of body language, communication skills, confidence, and clarity of thought during interviews. The speakers also stressed the need for developing leadership qualities, adaptability, and a positive attitude in order to succeed in competitive environments.

The workshop proved to be highly interactive and beneficial, equipping students with essential career-oriented skills and boosting their confidence. It encouraged them to focus on personal development and take proactive steps towards building a successful professional future.

## **Workshop on Business Management and Sustainable Living – April 14, 2023**

A workshop on Business Management and Sustainable Living was conducted by Vizo Putsure and Engo Pfuze, focusing on the integration of entrepreneurship with environmentally responsible practices. The session aimed to create awareness among students about sustainable development and how natural resources, particularly bamboo, can be effectively utilized in business ventures. The speakers elaborated on the versatility and sustainability of bamboo, highlighting its wide range of applications in construction, design, and eco-friendly products. They showcased several innovative projects undertaken by them, including bamboo-based infrastructure such as restaurant spaces, gazebos, and other functional structures. These real-life examples provided students with a clear understanding of how traditional materials can be transformed into modern, sustainable business solutions.

In addition to technical insights, the speakers encouraged students to explore their creativity and identify their individual skills and interests. They emphasized the importance of innovation, resourcefulness, and environmental consciousness in today's business landscape. Students were motivated to think beyond conventional ideas and consider entrepreneurship that aligns with sustainable practices.

The workshop was highly informative and inspiring, especially for students interested in entrepreneurship and environmental sustainability. It not only broadened their understanding of eco-friendly business models but also encouraged them to adopt a responsible approach towards resource utilization and future career planning.

## **Resume Building and Personality Development Workshop – April 24, 2023**

A workshop on Resume Building and Personality Development was conducted with the objective of enhancing students' professional and interpersonal skills. The session was led by Er. Rishav Sethi, who provided valuable insights into the importance of self-presentation, confidence, and communication in shaping a successful career. During the workshop, students were guided on how to prepare an effective and well-structured resume that highlights their skills, achievements, and qualifications in a professional manner. The resource person explained the key elements of a strong resume and shared practical tips on how to tailor it according to specific job requirements.

The session also focused on personality development, where emphasis was placed on building self-confidence, maintaining positive body language, and improving public speaking abilities. Students were encouraged to understand their strengths and work on areas that require improvement in order to present themselves more effectively in professional settings. To provide hands-on experience, mock interview sessions were conducted, allowing students to experience real-life interview scenarios. This activity helped them gain confidence, understand common interview questions, and learn appropriate ways to respond. Constructive feedback was also given to help them improve their performance. The workshop was highly interactive and beneficial, equipping students with essential skills needed for career readiness and helping them develop a more confident and professional personality.

## **Workshop on Design and Entrepreneurship – April 27, 2023**

A workshop on Design and Entrepreneurship was conducted by Seyievinuo Putsure, an accomplished interior designer known for her work in the field of visual arts and design. The session aimed to provide students with insights into the creative industry and to introduce them to the diverse opportunities available in design-related careers. During the workshop, the speaker shared her professional journey, highlighting her experiences, challenges, and achievements in the field of interior design. She offered a detailed perspective on the nature of work involved in the industry, including conceptualizing designs, working with clients, and executing creative ideas into practical outcomes. Her real-life experiences helped students gain a clearer understanding of the demands and rewards of pursuing a career in design.

The session also focused on the importance of identifying one's talents and nurturing them from an early stage. Students were encouraged to explore their creative potential, seek internships, build strong portfolios, and develop meaningful professional connections. The speaker emphasized that dedication, discipline, and passion are key elements required to succeed in any creative field. In addition, she motivated students to remain confident in their abilities, embrace challenges, and not be discouraged by failures or criticism. Interactive discussions and activities made the session engaging, allowing students to gain new perspectives and practical knowledge.

The workshop was highly inspiring and informative, encouraging students to consider careers in design and entrepreneurship while equipping them with the mindset needed to pursue their passions successfully.

## Workshop on Womenpreneurship – August 21, 2023

A workshop on Womenpreneurship was conducted by Viseino Basumatari, co-founder of Saucy Joe’s, with the aim of encouraging and empowering students to explore entrepreneurship, especially from a women-led perspective. The session introduced the concept of women entrepreneurship and highlighted the growing role of women in shaping the business world.

During the workshop, the speaker explained the concept of SWOT analysis—strengths, weaknesses, opportunities, and threats—as an effective tool for evaluating business ideas and making informed decisions. She encouraged students to identify their strengths, understand their limitations, and make the most of available opportunities to build successful ventures. The session also emphasized the importance of creativity, discipline, and perseverance in entrepreneurship. Through practical insights and motivational guidance, the speaker inspired students to think innovatively, develop unique business ideas, and strive for excellence in their chosen paths.

## Career Guidance Orientation by Arms Incorporation – September 21, 2023

A Career Guidance Orientation was organized in collaboration with Arms Incorporation, providing students with valuable insights into technical training programs and international career opportunities. The session introduced students to the Technical Intern Training Program (TITP), which offers opportunities to work in Japan after undergoing specialized training.

The resource persons explained the various sectors available under the program, including machining, industrial packaging, scaffolding, and painting. They highlighted how these technical fields can offer rewarding career paths for students who are willing to develop practical skills and gain hands-on experience.

The session also emphasized the importance of discipline, work ethics, and continuous skill development in achieving success in international careers. Students were encouraged to take advantage of such opportunities and prepare themselves for global work environments. The orientation proved to be highly informative and motivating, broadening students' awareness of global career prospects and encouraging them to pursue skill-based learning for a brighter future.

## Career Counseling Session – October 9, 2023

Er. Rishav Sethi conducted a comprehensive career counseling session for students of the first and third semesters, offering valuable guidance on career planning and skill development. The session aimed to help students gain a clearer understanding of their career goals and the steps required to achieve them.

During the session, the speaker emphasized the importance of self-awareness, goal setting, and continuous skill enhancement in building a successful career. He guided students on how to identify their strengths and align them with suitable career paths. Practical advice was shared on how to make informed decisions regarding higher education and professional opportunities. The interactive nature of the session allowed students to ask questions and seek clarity on various career-related concerns. The guidance provided helped boost their confidence and motivated them to take proactive steps toward achieving their ambitions.

## World Mental Health Day Seminar – October 10, 2023

The college observed World Mental Health Day by organizing a seminar focused on promoting awareness about mental well-being among students. The session highlighted the importance of maintaining good mental health as an essential aspect of overall wellness.

The speaker discussed various mental health issues and their impact on individuals, particularly students, who often face academic and personal pressures. Emphasis was placed on recognizing early signs of mental stress and taking timely action to address them. The speaker encouraged students to openly discuss their concerns and seek help from professionals instead of suppressing their emotions due to stigma or fear.

The seminar also introduced students to different approaches and models for managing mental health, encouraging a balanced and healthy lifestyle. The session helped create awareness and sensitivity towards mental health issues and promoted a supportive and understanding environment within the college community.
